Ladder-Track™ conveyor belt

Conveyor belt joining instructions

The **Ladder-Track™ belt maintenance tool** makes for easy removal, repair or installation of Ladder-Track™ conveyor belts.

Ladder-Track™ belt maintenance tool
Part# TC010

Unhooking the belt edges

Insert the belt maintenance tool's jaws into the belt edge.   Close down the handle to open the belt edge.

Connecting of belt edges

Connect the belt edge by hooking the edge over the strand.

Closing up the belt edges

Crimp down on the belt edge with the belt maintenance tool's inner jaws to close up the edge on each side.
